

## Attachments for Lull Telehandler

Lull Telehandler Attachments - Telehandlers by Lull have been providing load placement precision since the year 1959. The Lull telehandler can help make the job faster and easier, whether the job requires transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to provide eighty inches of boom travel for precision placement capabilities. There are also a lot of optional Lull attachments for their telehandlers so as to help finish any task.
