

TCM Forklift Part

TCM Forklift Parts - In the international trade of material handling, forklifts play an important part for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in America, lift trucks gained popularity after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread worldwide.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the company is simply referred to as TCM Corporation. Through the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began building lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With more than 50 years of accumulated expertise and technology, TCM has been proudly making various models of industrial trucks, making their models recognizable all around the world. With a strong and energetic staff, TCM has been able to constantly work towards becoming a future leading material handling company.
