

Lull Telehandler Parts

Lull Telehandler Parts - Telehandlers by Lull have been supplying load placement accuracy since the year 1959. The Lull telehandler could help make the job faster and easier, whether the job requires positioning heavy steel, landing loads on scaffolding or transferring loads. These units are available along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to provide eighty inches of boom travel for precision placement functionality. There are even various optional Lull accessories for their telehandlers so as to help complete any task.
